

**APISIX Hardened Support Bundle
For GSA Schedule 47QTCA21D00B9**

**Data Center Services (DCS)
March 2026**

Bundle Overview

Contract Vehicle: GSA Schedule 47QTCA21D00B9 (Contractor: DATACENTERSERVICES)
Bundle Duration: 1 Year (Renewable)

Objectives: Provide expert assistance for integrating the Iron Bank-hardened APISIX API gateway into NIST RMF accreditation boundaries, enabling secure data sharing for analytics and AI platforms in IL4/IL5/IL6 environments.

Scope: Up to 160 hours of combined labor focused on configuration, architecture, and RMF compliance. Excludes hardware/software procurement.

Pricing Tiers (Fixed Annual, GSA Net Prices Including IFF)

Basic Tier – \$12,000 (Email Support Primary)

- 80 hours: DevSecOps Cloud Engineer (\$125.64/hr)
- 40 hours: DevSecOps Cloud Architect (\$131.93/hr)
- 40 hours: Principal Cyber Security Architect (\$125.64/hr) for RMF docs/eMASS
- Channels: Email/ticket system (2-business-day SLA for non-critical)

Enhanced Tier – \$18,000 (Conference Calls Included)

- Same hours as Basic + priority access
- Channels: Email + Microsoft Teams conference calls (4-hour SLA for critical issues)

Onsite Add-On: Negotiated separately (Year 5 rates + travel; minimum 6-month agile SOO of \$10,000).

Terms & Conditions

- Payment: Net 30 days
- Ordering: Via FAR 8.405-3
- SLAs: Severity-based (see separate SLA document)
- Exclusions: Onsite support, custom development beyond scope
- Compliance: Fully aligned with DoD Iron Bank, NIST RMF, and DISA SCCA standards
